

CODY UGETHEIM

History

MT. VERNON HIGH SCHOOL
COMPLETED DUAL CREDIT CREDENTIAL
HISTORY DUAL CREDIT TEACHER

Teach Dual Credit Indiana helped me attain 18 additional graduate credit hours in history to become credentialed to teach dual credit courses in my high school. The process was seamless and enjoyable. The program was user-friendly and convenient for a full-time teacher to complete. Best of all, I became credentialed to help students attain future credits for college.

I highly recommend high school teachers to complete this program for dual credit credentialing through Teach Dual Credit Indiana. Not only do my students benefit from having the opportunity to earn college credit, but I also progressed my career professionally in ways that would not have been possible financially without the help of Teach Dual Credit Indiana.
