Spanish

SOUTHERN WELLS JR./SR. HIGH SCHOOL
COMPLETED DUAL CREDIT CREDENTIAL
SPANISH DUAL CREDIT TEACHER

I highly recommend Teach Dual Credit Indiana to any teacher wanting to further their education in their content area. I completed my Spanish graduate credits through online courses with the financial assistance of Teach Dual Credit Indiana. There are few universities that allow graduate-level Spanish classes online; however, through Teach Dual Credit Indiana, I was able to fulfill my requirements for meeting dual credit credentialing.

These graduate-level classes were rigorous but applicable to my classroom. They used a wide range of technology programs that were easily navigable. Staff were knowledgeable in my content area and supportive of me as a working teacher; they made sure my studies reflected lessons in the classroom and pushed my knowledge to the graduate level. From this experience, my students benefit from my acquired knowledge and methodology learned through Teach Dual Credit Indiana. My students receive college and high school credit in my Spanish III classroom now that I am credentialed.
